

ATTENTION

THE BAILEYS WILL BE CLOSED
TO CYCLISTS

12/16/20 – 4/14/21

Per the Wayne National Forest Plan, “These trails are **closed** (except for foot travel) during the winter period (December 16th through April 14th) to minimize environmental impacts and maintenance costs.”

Trails rarely dry out during this time period. Combined with the freeze/thaw cycles, the Forest Service closes its trails to help ensure they can be enjoyed for years to come.

Foot traffic is welcome.

The Baileys Trail System is managed by ORCA 740-517-8445
